1. Full Testing Service

- This service is for melee goods which have not been pre-screened.
- There are ten ranges of average stone weight given.
- Each Lot will be charged at INR 680 per carat.
- For a typical parcel of natural diamonds that have not been pre-screened the referral rate is expected to be less than 5%.

2. Referrals Testing Service

- This service is for melee goods which have been pre-screened.
- There are ten ranges of average stone weight given.
- Each Lot will be charged INR 680 per carat.

Please note, we will charge for goods which do not meet the criteria set out in the Terms & Conditions of the service. For example, parcels of stones which do not meet our requirements of cleanliness and will therefore need to be cleaned by us before screening. There will be a flat 325 INR fee per parcel which will need any preparation work, such as cleaning or sieving, as well as 325 INR fee for any rejected parcels.
